

iDEA

Memoria USB con riconoscimento biometrico

iDEA

Ritech iDEA, Driven by a patented build-in fingerprint processing technology, brings a new dimension of security and mobility to your data environment. It provides driver less on-board fingerprint authentication with a simple swipe of your finger and ensure maximum mobile data security. All personal and confidential information are now secured at your fingertips with no worries of data security breaches even if the device is lost or stolen. No more hassle of having to remember tons of passwords, Ritech iDEA is design simply for you.

Specifiche tecniche

- Interface: USB 2.0 and backward compatible with USB 1.1
- Data Transfer Speed: Read speed up to 24MB/s, Write Speed Up to 18MB/s
- Sensor: Capacitive swipe sensing technology
- Weight 29g
- Power Supply: USB bus-powered
- Capacity 256MB, 512MB, 1GB, 2GB
- On-board Data Encryption Capability
- Support PC Boot-up
- Compatible environment:
 - ✓ Windows 98 / Me / 2000 / XP
 - ✓ Macintosh OS (ver 9.2 and above)
 - ✓ Linux OS (kernel ver. 2.4.x and above)
 - ✓ Sun Solaris OS (ver 10 and above)
